What was your overall first impression of the website?

The website is clean and organized, presenting a professional vibe with room for improvement.

Did you have any technical difficulties as you navigated through the pages and displayed the projects?

The desktop experience was smooth, but the lack of mobile responsiveness was noticeable as well as scaling up from the original design.

What do you feel are the most effective design elements of this web portfolio?

The unified theme and thoughtful layout are the strongest aspects, providing a polished and consistent user experience.

What would you suggest be changed with the design or content of this web portfolio?

Focus on optimizing media assets for faster load times and ensuring a responsive design for better usability on mobile devices. Adding more detail to project descriptions would also enhance the overall experience.
