What was your overall first impression of the website?

The website looks great and is user-friendly, which show some solid design skills.

Did you have any technical difficulties as you navigated through the pages and displayed the projects?

No major issues, but the site isn't really optimized for mobile, which impacted my experience.

What do you feel are the most effective design elements of this web portfolio?

The consistent layout and attractive project thumbnails are very effective.

What would you suggest be changed with the design or content of this web portfolio?

Add responsive design for better mobile accessibility and consider including interactive elements and more animations for greater engagement.
